Office of the President

To the Class of 1978:

Janus, the title of this yearbook, gives rise to many images. He was the Roman god of beginnings, openings, entrances and doorways. He was usually represented with two bearded heads placed back to back so that he might look in two directions at the same time. You, too, as graduation time approaches, look in two directions: backward at the varied experiences that made the warp and woof of your days at the Mount; forward to the hopes and ambitions that form part of the future.

As university students you have had very special opportunities for intellectual, spiritual and moral development and in many cases excellent preparation for a profession. You have spent time at an institution which according to its philosophy and objectives "is marked by a strong commitment to understanding and truth, intellectual vigor and social responsibility." I hope that your teachers and those who have assisted in your development have inspired in you a commitment to these values as well as a recognition of the importance of moral values in your life.

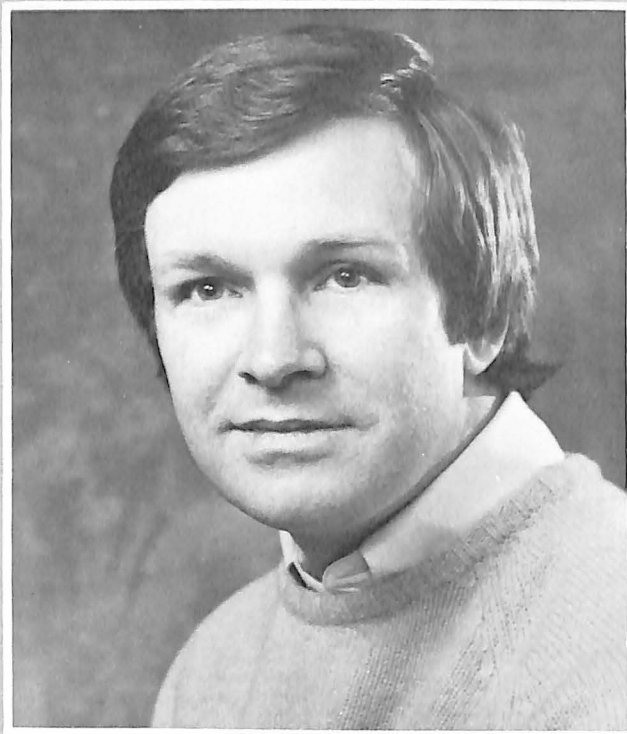

Anomie or rootlessness, lack of commitment to any values is characteristic of many areas of our society. Individuals sometimes embrace an ideal and pursue it until fidelity to it demands hardships or sacrifice, inconvenience or frustration. Commitment then goes by the board. Our world needs people committed to excellence in every human activity, resolved "to stand up and be counted" for what they believe to be true and right and just.

I hope and pray that as you go forth from Mount Saint Vincent you may be among those who will give the world what it so badly needs.

I offer you my congratulations, my prayers and my best wishes for a happy fruitful life.

IN MEMORY OF PAUL McISAAC

With the passing of Dr. Paul W. McIsaac, Mount Saint Vincent University has lost more than just an excellent professor and administrator, we all have lost a friend. Faculty members and administrators with whom he worked, students he counselled and taught, will be poorer without him.

Dr. McIsaac was a sincere and dedicated educator. He devoted his time to improving academic opportunities, in his classes and within the whole university.

Born in Charlottetown, Prince Edward Island, Paul McIsaac was raised in Halifax. He received his Bachelor of Arts, with honours in English, in 1963 from Dalhousie University. The following year he was awarded a Master of Arts in English, graduate honours, from the same university. The University of Alberta awarded him a doctorate in 1971.

His teaching experience began in 1964 here at the Mount, as an instructor in English. From 1968 to 1970 he taught at the University of Alberta and then moved to the University of Lethbridge as an assistant professor until 1972. That year he returned to the Mount as an assistant professor of English.

Dr. McIsaac is survived by his parents, a brother and three nephews. Yet, in a sense, he has left behind another family, a university community to which he contributed unstintingly. Those who worked with him daily see evidence of his endeavours but his students received the richest legacy of all, the sharing of his knowledge and his love of learning.

Coat of Arms

The coat of arms of the university is based on the coat of arms of Blessed Elizabeth Seton, foundress of the congregation of the Sisters of Charity. It bears three silver crescents of the Seton Arms within a "tressure", the same one that is found in the coat of arms of the Province of Nova Scotia. Thus both the foundress of the order whose members operate the university and the Province of Nova Scotia are represented.

The three peaks on the shield signify the name of the university, "Mount Saint Vincent". On the upper portion of the shield is the book of learning, between the maple leaves — the emblem of Canada.

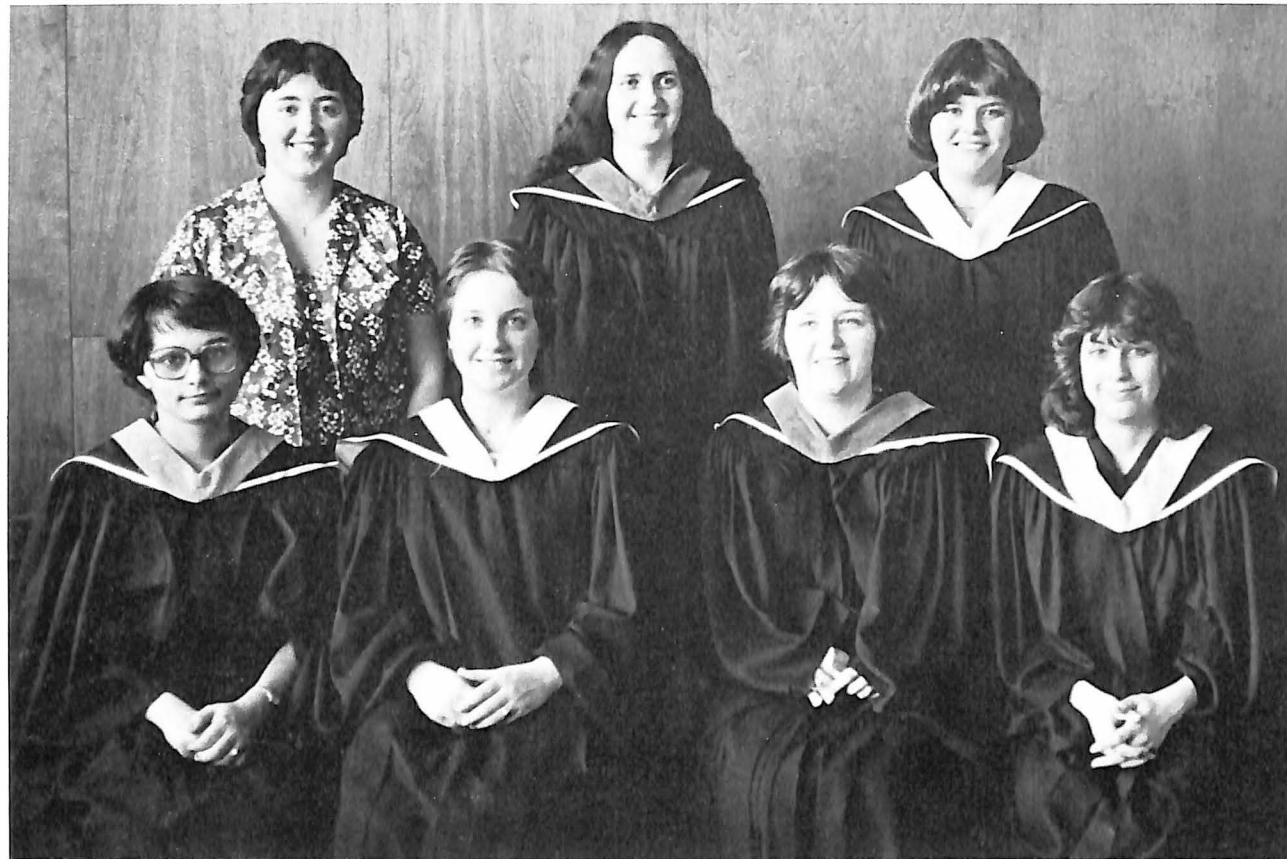

The dove above the wreath symbolizes the Holy Spirit, indicating that knowledge is the only means to wisdom, the highest gift of God.

The colors of the shield are blue and gold — gold symbolizing the Divinity of our Lord and the blue for Our Blessed Lady. The periphery of the coat of arms is colors of royal blue and azure, the dual blues of Mount Saint Vincent University.

University Motto

The university motto is "Veritas Ad Deum Ducit" which is translated as "Truth Leads to God." The motto asserts the religious concern which has inspired the foundations of the university.

EDITOR'S MESSAGE

Birches #1
May 7, 1978 11:57 p. m.

Fellow Students:

Producing a yearbook is a tremendous task. In doing so, one tends to forget some of the minor details. This afternoon, as I sat among my classmates during convocation, I suddenly realized I had forgotten to write an Editor's Message. Since my flight to Hawaii leaves at 8:10 a. m. , and I still have to pack, my message will be to the point.

My appreciation is extended to the Public Relations Office for their assistance. A very special (even extreme) THANK YOU to Leah Clark and Wendy Fralick who chose to remain at our fair institution to finish the yearbook while I soak in the Pacific sun.

Best wishes to all.

Margaret Winslow

P. S. Leah and Wendy - As Donny Osmond would sing, "I'm leaving it all up to you."

STUDENT UNION PRESIDENT'S MESSAGE

To Fellow Students,

Perhaps now is the time, as we leave this university, to reflect on the things that only Mount Saint Vincent could have offered us.

We have had the honour to be part of an institution that has dedicated itself to the education of women, in a time when women have finally begun to accept the challenge and assume the responsibility for their roles in today's world.

By being part of this institution we, ourselves, have accepted a challenge. We have stated that we believe there is, in fact, an essential role for women to perform and also that this role should and will be carried to it's fullest.

As we leave academic life, whether it be this year or years to come, we must constantly remind ourselves of our commitment and actively pursue this trust.

May there be success in your future and with this success, may there be happiness.

Sincerely,

Louise Abraham

STUDENT UNION 77-78

The student council started off the 1977-78 year with a move to new offices. The changeover to V.S. Services made available Mrs. Minor's old office, which coupled with our full-time executive assistant provided a more business-like atmosphere to the council.

Entertainment caused a few concerns this years as the Traditional beer and chips and dances drew fewer and fewer numbers as the year progressed. The bright spots were Orientation, Arts Weekend, Winter Carnival and Home Ec. Weekend.

For the first time in a number of years Winter Carnival was a big success. Events such as Ryan's Fancy and the first annual M.S.V.U. gong show were favorites.

The entrance of the new year brought a few innovations for council as well. After many long hours of discussion and bargaining a trail M.S.V.U. Security Force was established. The planned date for a permanent switch over from the Phi Delta Theta security to the Mount Security is January, 1979.

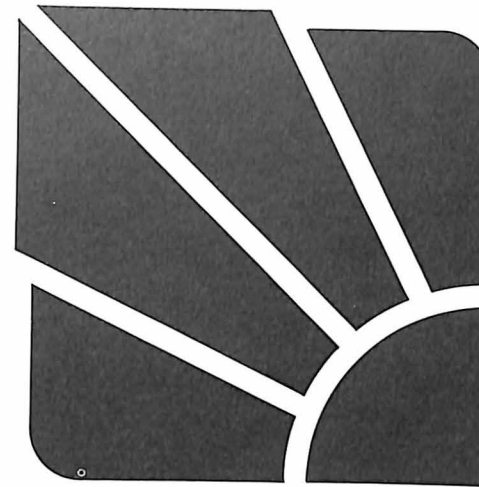

The Mount has been forging out on its own in other areas. Negotiations have been opened with Perry Hope Pharmacy to establish our own drug service which will offer easier access to Mount students as well as for free pick up and delivery of perscriptions to the university.

Work continued on the council constitution though results were slow. There was recognition of the importance of this work but time and efforts were hard pressed by other committments.

Financially, council began looking to the future. Throughout the year term deposits were made and interest was earned to help augment council's budget. Due to rising costs, council felt it imperative to raise fees in order to maintain the same level of service currently offered and to provide funds for the purchase of a Student Union Building. A referendum was held in March and both motions were defeated.

Perhaps the most tangible accomplishment this year has been the work on improving the transit system here at the Mount. A survey was conducted in the fall showing the desire students had for extended hours and more frequent service. This survey, coupled with the activities of the adminstration and the Board of Governors had led to the instigation of a trail extended service in September. If the need is there thetrial service will become permanent.

Overall, council kept moving forward despite a late start in the fall due to resignations over the summer and a general laissezfaire attitude of students and councillors alike. Next year's focus will be on reducing apathy and increasing participation. Perhaps the Mount will draw together and progress even further in the future.

All worked well together, throughout the year,

EDUCATION

SOCIETY

Science Society

Officers for this year were: President, Marleen West; Vice-President, Shamsher Toor; Secretary, Anita Abraham; Treasurer, Jean Theriault.

Meetings were held biweekly on Thursday evenings. This year the Science Society joined the Ecology Action Center and contributed unglazed paper for recycling purposes. With the help of Mr. Spencer, we were able to make bright colored wooden boxes for the purpose of collecting the paper. Depots were in Evaristus and Seton.

This year's Valentine's Ball during Winter Carnival was sponsored by the Science Society, and to raise funds for such events, a Bake Sale and Swimathon were held.

A series of biweekly lectures was initiated during the second semester. These lectures included topics of current scientific interest. The Science Society was able to send eight students to the 9th annual Atlantic Universities Undergraduate Biology Conference (AUUBC) held at Mt. Allison. It was confirmed that the 10th annual AUUBC will be held here at the Mount in 1980.

Active members in the society this year were Nancy Rose, Jennifer Cole, Jean MacCrone, Vicki MacKinnon, Greg Cloakly, Paula Shillingford, Sandy Maloney. Special credit goes to Marleen West for her perseverance throughout the year. Appreciation was well earned by all others who helped throughout the year.
