OUR PRINCIPAL

For the "Mount" Students: Much affection -- two thoughts. . . The world is full of starters; it is the finishers that count. Many a man dreams a dream of something fine and great. Some start to reach their dream; but all too few stick to it. Some people have a quality widely recognized as a factor in success -- the determination to get things done. It is called persistency--perseverance--determination--or "never say die" self-assurance. It is a quality called self-reliance. This quality alone won't win, but it is a quality characteristic of winners. Your success depends on you The greatness of this school is not just the architecture or the equipment -- not even the curriculum --valuable as that is; but the greatness of this school is its spirit. The cheering at the contests is part of this spirit; the spirit of fair play and sportsmanship is a part of it; the spirit of inquiry and critical thinking, of determination and purpose of effort and persistence of ambition and self-sacrifice -- all these are part of it. The combination of all these things are in you. They are your influence. You are needed and valued. These are your opportunities.

STUDENT COUNCIL

A MESSAGE FROM THE PRESIDENT...

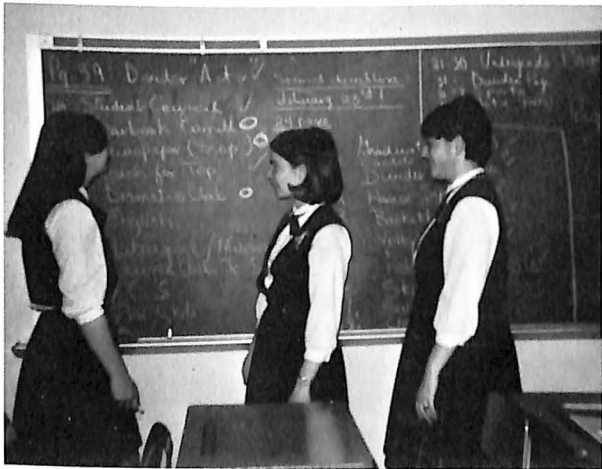

Living is learning and learning is progressing. Congratulations to all those who experienced these processes during the 1968-69 school year. May I thank all those who made their fair contribution toward the betterment of the great school on the hill. We can all agree, that the Mount has something extra special to make us love her more and more each day. This something more is just what the students make it. Continue your good work in the future and be proud of our school; we surely have something to brag about. It has truly been a pleasure to work with the students and faculty members each day of the past year. The Mount will always hold a soft spot in the heart of my memories and nothing can compare to the great times we have shared in the past. Keep the ball rolling girls, and give your best to the school we are proud to be a part of.

Above are the Academy Y. C. S. group leaders and moderators. STANDING: R. deGannes, SEATED: J. Belliveau, J. Burchell, Sr. Doris Coveney (moderator), M. Fitzgerald, A. Hughes.

The purpose of Y. C. S. groups is to direct teenage potential for doing good into the most effective Christian apostalates. At regularly held meetings, social or religious inquiries are made. Our Y.C.S. groups have certainly been dynamic under Sister Doris Coveney's direction, and have found ways to liven and lighten life here at the Academy. Our Y. C. S. unit works in a larger group, the Halifax Division unit, and this year, in October and May the Academy hosted a workshop for the Halifax division unit. We hope Y. C. S. activities will be continued in the future.

Senior Glee Club

Our Glee Club this year, under the direction of Sister Anna Michael, has put a great and well-appreciated effort in entertaining students and their parents at school functions and Guild meetings. The club has also performed on CBHT Halifax programme, Gazette. During the Christmas season members of the Glee Club entertained paraplegics. In March, Sister Anna Michael left the Mount to pursue her studies, and Sister Carol Downing became the Glee Club director. We are certain that her musical talent and competence will maintain the lively spirit of this talented group--our Glee Club.
